

# Malvern IOWA

## WELCOME HOME...

On behalf of the Malvern Area Betterment Association (MABA), we would like to welcome you to your new home. We have included a few things in this packet to help you get familiar with our community. We have discovered that involved neighbors make great neighbors and we invite you to enjoy the many programs and events that Malvern has to offer.

MABA's goals are to connect local citizens, generate pride in our town, and better our community by supporting improvements. **If you are interested in becoming involved with our community association, please feel free to contact us at [maba.info51551@gmail.com](mailto:maba.info51551@gmail.com)**

# MALVERN, IOWA

The town of Malvern was originally founded as Milton in the year of 1869. It was later renamed after it was discovered that another Milton, Iowa existed. Malvern was one of four communities in the area that came into existence with the completion of the Burlington and Missouri River Railroad on November 18, 1869. John D. Paddock and his bride were the first residents of Malvern. They arrived in

September and put up a small 1 1/2-story building that served as their home and the community's first store.

The completion of the railroad soon brought a flood of new residents and business enterprises and Malvern grew almost explosively in its first two years. In its fifth year, Mr. Paddock reported a population of 800 in his Brief History of Malvern. It served a particularly productive farming area. It soon had a number of factories, including a hog packing plant, an electric generation plant (in 1892) which permitted a municipal water system, and in the early part of the twentieth century, developed a varied poultry industry that at one time furnished employment for up to 200 persons.

Malvern started a school system in 1870, a county fair in 1873, a Chautauqua in 1905, built the town library in 1916 and the present Liberty Memorial Community

Building in 1926. Today Malvern is a rural community with much to offer. Population in Mills County is growing at one of the top ten rates across the state of Iowa.

Malvern, Iowa, is situated just 38 miles southeast of Omaha. Located in Mills County, Malvern sits just off U.S. Hwy 34, which runs from Colorado to Chicago. In

# EAST MILLS STRATEGIC PLAN VISION 2018 - 2023

## Our Mission

Through education and learning, we foster a culture of excellence where proud and passionate students build a future by being leaders in their community and the world.

## Our Vision

Every one, Everyday, A Success!

## Our Core Values

- **STUDENTS FIRST**  
Make decisions that are in the best interest of students. Use every resource strategically so that we can meet students' individual needs.
- **EXCELLENCE**  
Be relentless in your pursuit of greatness. Be bold and innovate. Learn from your mistakes. Hold yourself and others to high standards.
- **INTEGRITY**  
Do the right thing, even when no one is looking. Be honest, Be trustworthy. Be accountable.
- **EQUITY**  
Diversity is an asset that makes us stronger. Advocate for the needs of others. Ensure that all members of our community have access to the tools and resources they need to be successful.
- **SERVICE**  
Listen. Empathize. Respond. Own problems and help to solve them.
- **TENACITY**  
Embrace hard work and persevere in the face of challenges. Follow through on your commitments and strive to do your best, no matter what.

**East Mills Administrative Team  
2019-2020 School Year**

It is our intent at East Mills that your child has a positive educational experience. We view educating students as a collaborate effort. As demands and complexities of teaching children increase, it becomes more evident that we all need to work together to insure that our children reach their potential. We believe that all of us, the school and the community must work together in an extended family environment to insure success for all our students. We believe it is everyone's responsibility to empower children with the creative, intellectual, and decision-making skills necessary for them to become academically, socially, physically, and emotionally successful and responsible. Working together, we can help all children be successful. Our doors are always open at East Mills. We would love to visit with you and to show you the great things going on in the building.

At East Mills we teach our children how to treat each other with respect and how to get along with others. We teach our children how to greet someone new with a firm handshake and a smile. We teach our students to celebrate with others in good times and how to show compassion and empathy for each other in tough times. Each day, our teachers help students build self-confidence, perseverance and dignity all the while teaching Math, Reading and Writing. While test scores will tell you some things, they will not tell you everything. Each student at East Mills is special and unique and we all play a part in their growth.

This is my second year as principal at East Mills Elementary. I have been fortunate to have had a variety of rewarding experiences in education. I have taught in inner city Houston, Texas, overseas for the Department of Defense Dependent School in both Japan and Italy and most recently in Treynor, Iowa. My teaching experience has primarily been in the 3rd, 4th, 5th, and 6th grades as well as a middle school Social Studies teacher.

I graduated from the University of Nebraska at Kearney with a Bachelor of Arts degree in Elementary Education in 1990. I completed my Master's degree in Educational Leadership from the University of Doane in Lincoln, Nebraska in 2005 and received my Specialist degree from the University of Doane in 2014.
